# Vote NO on Measure K

Don't get sucker punched by Measure K! Enough is enough when it comes to paying more taxes. Measure K is another attempt to make voters pay for other people's fiscal mismanagement. Why should the voters continue to pay higher and higher taxes each time there is a financial crisis?

## **Top 5 Reasons to Vote NO on Measure K:**

1. Measure K is a \$92,000,000 dollar bond.
2. It will take 30 years to pay off Measure K.
3. We are still paying off the bond from 12 years ago.
4. The school district currently has approximately \$78.2 million in outstanding bond debt.<sup>1</sup>
5. None of the money can be used to hire more teachers.

**Polls are open from 7 am to 8 pm on Tuesday November 4th!**
