Paramedics and Firefighters perform their job of saving lives, with **LESS AND LESS RESOURCES** each year. Response times have **INCREASED**, while the number of firefighters and the equipment they rely on to save lives has **DECREASED**.

## Los Angeles Fire Department by the Numbers:

- ▶ There are **125 FEWER PARAMEDICS** and **FIREFIGHTERS** on duty each day than there were just four years ago.
- ▶ The Fire Department transports over **550 PATIENTS TO THE HOSPITAL EACH DAY**.
- ▶ The City has **NOT HIRED** a Paramedic or Firefighter in **OVER THREE YEARS**.
- ▶ In a City of nearly 3.8 million people, there is only **ONE FIREFIGHTER FOR EVERY 4,000 PEOPLE**.

**PROPOSITION A WILL PROTECT LOS ANGELES** and will help prevent the reduction in size of our Fire Department, prevent increased response times, stop the closure of neighborhood fire resources on a rotating basis, and **ENSURE THAT THE LAPD DOES NOT LAY OFF 500 POLICE OFFICERS**.

Vote **YES** on Proposition 

**IMPORTANT: There are many candidates running for office, KEEP voting all the way down the ballot!**
